(Benson's Plaster Is Pain's Master.)

For coughs and colds Benson's Porous Plasters are an incomparably better remedy than any other—external or internal. Their medicinal properties enter the skin and go straight to the seat of the disease. They relieve and cure a "seated" cold without disturbing the system or upsetting

the stomach. Cough mixtures often nau-seate. Benson's Plasters are medicinal in the highest degree, and quickest to act. Placed on the chest or back or on both at once in serious cases, the good effect is feltimmediately. The congestion yields, the cough abates and the breathing improves. Lung or bronchial affections or kidney

disease, are cured with the least possible suffering and loss of time. Benson's Plasters are immeasurably superior to Belladonna, Strengthening, Capsicum or any other combination in plaster

form. They are also preferable to cint-ments, liniments and salves. Benson's Plasters have received fifty-fice highest awards over all competitors; and more than 5,000 physicians and druggists have declared them to be one of the few trus worthy household remedies. For a limited time only we are enabled to offer to our subscribers, old and new, this book, which has turned out to be one of the greatest sellers in the history of literature. Mr. Halstead himself was astonished at its popularity and sought to recover the copyright for his own use but the courts promptly decided against him and held him to his contract.

The book contains 540 pages and is copiously illustrated from photographs. Senator Chauncey M. Depew, General C. H. Grosvenor, the late Secretary of State John Sherman and Colonel Albert Halstead contributed chapters and the work covers McKinley's entire life from his birth to his death and burial. It is a liberal education and should be in every home.
